

Hi Ben. Standard wheels look great, probably done less than a 1000 looking at the tyres, still look new.

Hi Mark,

Thank you for taking the time to send that through, yes they are very clearly in good condition.

Would you be open to an offer of £8600 for it with the orange wheels?

Thanks

Ben

If we could meet in the middle at 8700 I would be happy. I think it's already a crazy good price for the spec of the bike.

Yeah I think that's perfectly acceptable, I fully appreciate the spec of the bike.

Just so you are fully aware my insurance paid out for me being knocked of mine today so the cheque is in the bank. So would look to collect from Saturday onwards if that works for you.

I would obviously let you know if clears any sooner.

Thanks

Ben

I'm located in Lydden near Canterbury.

Would you be prepared to place a deposit to secure it? Obviously I can't hold it for you for a week 😊

Yeah I can send you a deposit, Can't hold it or can 😊

Thanks

Ben

Ha yeah, I can with deposit, can't without.

How about £200 to hold it for a week. TBH, you won't be upset with the bike, condition and deffo not the spec!

Fine by me can you send your details through and as soon as I get home I'll send it across  
Thanks

Ben
